Cindy Lyons (back row, center), C.L.U.B. Coordinator at The Savings Bank, recently helped St. Joseph's School fourth graders count the money the school collected for UNICEF and its Haitian relief efforts as part of the school's Catholic School Week community service project. The project was organized by the fourth graders with the help of co-teachers (back row) Melissa Giordano and Amanda Riley.

St. Joseph School students donated more than \$2,000 by collecting coins, dollars and donating their allowance to UNICEF.
